

DO NOT RESCIND THIS LAW. It has given us a degree of control over unsolicited requests by telemarketers. If we didn't ask to be called then they have not had business with us.

These calls have been unwanted, untimely, too many, discomfoting and down-right aggrevating!! Have you not experienced their invasion? If not, put your name out there for them to call and see for yourself.

DON'T DO IT! THANK YOU.
